SEADUCTION

SEADUCTION (a 2012 Sunseeker Manhattan 63') is a U.S. spec'd yacht in near perfect condition. From the exterior finish, to the pristine interior this yacht will exceed your expectations in every area. Best of all the yacht has the preferred propulsion system on the Sunseeker 63 with the MAN 1200 HP V8 common rail engines coupled to straight shaft and propellers. This rock solid, proven propulsion system means less time in the yard and more time on the water. Features such as the upgraded Tropical Air Conditioning package, HD SAT TV,

Hydraulic swim platform and Raymarine electronics are just but a few of the items that make this yacht outstanding. All of this in a yacht that measures actual overall length of 69'1" making her one of the largest yachts in her class.

Manufacturer Provided Description

The Manhattan 63 is a perfect example of a boat that packs innovation, luxury and performance into an exceptionally graceful frame. The hull form has been designed to take a more traditional shaft option but now includes the option of IPS drives - the latter produces fantastic results in performance, handling and economy. Interior options offer upper deck or lower deck galley, three or four staterooms with a midships full-beam master and very large hull-side windows. Saloon and entertainment space has been increased and enlarged and panoramic superstructure windows ensure a feeling of openness.
